

HANNAH'S TREASURE CHEST

Enriching the Lives of Children in Need

DONATION QUALITY STANDARDS

At Hannah's Treasure Chest, we create care packages for children from NB to 18 years of age by carefully hand-selecting items to meet each child's specific needs and wants. We accept a wide variety of children's items to include in these care packages, especially clothing in children's sizes NB-20, baby safety gear, hygiene items, diapers, shoes, toys and bedding.

Our mission is to enrich the lives of children in need with the essential items they need to feel valued, and we ask that you support this goal when donating. Please be sure your gently-loved goods are in new or like-new condition – clean and without rips or stains, unbroken and with all parts and instructions included. **If you would use it for your own child or grandchild, it is acceptable for the children we serve.**
